110	Netsol IT Solutions Pvt Ltd					Both days	9am - 4pm	Code great experiences for web users with JavaScript frameworks like VueJS and SvelteJS for our products. We're leveraging the power of APIs and GraphQL to build more meaningful single page apps which perform to WOW the end user. We expect a deep passion of writing clean and efficient code, attention to details on overall customer experience and learning attitude from you. Our design team does UI and front-end team codes UX around it. We do provide training to eligible Interns / Fresh talents who commit reasonable career timespan to us.	Surat, Gujarat	Frontend/Javascript Developer	3	We value skills over Degrees	0-4 Years	12,000-75,000	
								Code great experiences for mobile users with Flutter for our products. We're leveraging the power of APIs and GraphQL to build more meaningful Mobile, Desktop and Web apps from a single code base to deliver WOW performance to the end user. We expect a deep passion of writing clean and efficient code, attention to details on overall customer experience and learning attitude from you. Our design team does UI and Flutter team codes UX around it. We do provide training to eligible Interns / Fresh talents who commit reasonable career timespan to us.	Surat, Gujarat	Flutter Developer	3	We value skills over Degrees	0-4 Years	12,000-75,000	
								This is one of the most exciting roles in the journey of products that we build. You will be part of the Design Thinking journey we follow to build products that our customers love. Starting from understanding persons, their problems, building solutions, Wireframes, Mockups and finally converting them into designs and injecting them to the HTML/CSS/JS/Flutter code. You will work closely with business, product and development teams. We've had a tradition to serve respectable designers from Avinashi to the industry so far. We do provide training to eligible Interns / Fresh talents who commit reasonable career timespan to us.	Surat, Gujarat	UI/UX Engineer	2	We value skills over Degrees	0-4 Years	12,000-75,000	

Both days	3am - 4pm	If you've got design sense to attract eyeballs or got a high design taste for better branding then we're a good match. Your key role would be to transform our marketing ideas into designs suitable for branding, social media and web keeping the target audience at the back of the mind. You will be closely working with product, business and development teams. You should be good with design tools along with design sense. We've had a tradition to serve respectable designers from Avinashi to the industry so far. We do provide training to eligible interns / Fresh talents who commit reasonable career timespan to us.	Surat, Gujarat	Web/Graphics Designer	1	We value skills over Degrees	0-4 Years	12,000-75,000
		Great products are always served by Invisible code that's well architected by a right database design, secure and high performance business logic served via APIs or web hooks. However it requires sharp logical brains to architect large backend systems. We prefer coders who love code more than the name of the language and are always ready to try new languages and frameworks. Our product needs analytical, performance, storage or time series data management and you should be able to pick the right database solution accordingly. We do provide training to eligible interns / Fresh talents who commit reasonable career timespan to us.	Surat, Gujarat	Backend Developer (NodeJS, Laravel, Python, Go)	3	We value skills over Degrees	0-4 Years	12,000-75,000
		We see the future of IoT in consumer, business and industrial segments. Either you love solving business problems with electronics, coding efficiently for modern microcontrollers like ESP32 or R-Pi, Dealing with sensors, designing PCB or preferably all of them. Troubleshooting, dealing with various modern protocols like MQTT, HTTP, Sockets, Modbus, I2C and SPI and doing research on component data sheets, Prototyping for fast paced outcomes is key differentiator. If you've already done something in this direction or have strong passion for any of these, it will be an added advantage for both of us. We do provide training to eligible interns / Fresh talents who commit reasonable career timespan to us.	Surat, Gujarat	EC / Embedded / IoT Engineer	2	We value skills over Degrees	0-5 Years	12,000-50,000
		Quality products are what the market prefers. If you have a taste for attention to details and understanding needs of the user or market, probably we are a right fit. You would be testing hard to fail our Web, Mobile or Electronics products before they hit the market and indirectly making them successful quality products. Uniqueness at Avinashi for Quality testing is, they just don't write test cases or test products once it is developed and file bugs but you will be involved since product is being incepted. You will help the product team by researching and segmenting user requirements along with quality standards at the beginning. You will also keep validating the same throughout the product life cycle. You will be closely working with product and development teams. We do provide training to eligible interns / Fresh talents who commit reasonable career timespan to us.	Surat, Gujarat	QA Engineer	1	We value skills over Degrees	0-4 Years	12,000-75,000
		We believe in building products and solutions that customers love. That's where you can help us in connecting and communicating with customers to understand their requirements in detail. You'll be also bridging and mapping these requirements into technical requirements and scope of work. You will also be working closely with the development team to make sure we deliver the product that customers expect in committed time by prioritising delivery items in the right order based on resources available. You should be good in communication in English and Hindi as well as having good documentation skills along with IT background. As you would be dealing with people the most, we expect great interpersonal and soft skills. Being honest with customers and developers while maintaining company values and product success in the center. We do provide training to eligible interns / Fresh talents who commit reasonable career timespan to us.	Surat, Gujarat	Business/Product Analyst	2	We value skills over Degrees	0-4 Years	12,000-75,000
		No matter how great products we ship, customers always need a helping hand. If you are a person with empathy, loves communicating with people and has a background in IT then you're the very right person to join our team. You would be dealing with customers, product, business and development teams to convey product knowledge and customer issues. Your key role would be to help customers in achieving their goals with our product. Knowledge of back office software tools and IT background is preferred. We do provide training to eligible interns / Fresh talents who commit reasonable career timespan to us.	Surat, Gujarat	Tech Support Executive	2	We value skills over Degrees	0-4 Years	12,000-40,000

						Great products need hands to find the right customers for them to serve the purpose. If you can understand customer pain, help them (not to sell) to solve it and have an interest in technology then we can be a good match. Yes, we're not looking for who can just sell anything, rather solving problems with our products. You won't be under strong pressure to achieve targets but need to sell the right way. You must be able to talk with anyone and disciplined enough towards follow ups to move leads to the next stage of the sales funnel. You will be closely working with our product and business teams. We do provide training to eligible Interns / Fresh talents who commit reasonable career timespan to us.	Surat, Gujarat	Business Development Manager / Solution Specialist	2	We value skills over Degrees	0-4 Years	12,000-50,000
						Creative marketeers and growth hackers attract target customers, partners and influencers. We want you to create engaging strategies and content to keep buzzing our product to the right audiences. Keep doing experiments, learning from it and building right marketing funnels to achieve better ROI. If you've already executed some good campaigns or hacked the growth in either way, it would be a good fit to work together. You will be closely working with our product and business teams. We do provide training to eligible Interns / Fresh talents who commit reasonable career timespan to us.	Surat, Gujarat	Growth Hackers / Creative Marketeers	2	We value skills over Degrees	0-4 Years	12,000-75,000
						All of our product engineers use IT infrastructure. We want you to join our team to make sure to achieve zero downtime for the systems and networks they use. If you love opening gadgets and fixing issues, assembling PCs, troubleshooting network problems, learning new infrastructure solutions on Linux or Mac - we might be a right fit. You must be experienced in the same domain or have enough passion to learn very quickly. You will be closely working with all of our teams. We do provide training to eligible Interns / Fresh talents who commit reasonable career timespan to us.	Surat, Gujarat	IT / Hardware Support Engineer	1	We value skills over Degrees	0-2 Years	12,000-25,000
						Modern cloud products run on cloud infrastructure. We've 100+ servers to configure and manage with scripts and CI/CD to operate our products without a glitch. If Linux, Docker and Shell Scripting keeps you awake till late night - together we can lead such projects. We believe in creating our own DevOps solutions and that means lots of learning for you. You will be closely working with our product and development teams. We do provide training to eligible Interns / Fresh talents who commit reasonable career timespan to us.	Surat, Gujarat	Cloud/DevOps Engineer	1	We value skills over Degrees	0-2 Years	12,000-50,000
